🔎 Technical SEO

Check	Status	Action Item
Schema Markup	 Passed	Keep maintained
Mobile Responsiveness	 Needs Review	Test on 5+ devices
Page Speed (LCP)	 2.8s	Optimize hero images
Canonical Tags	 Missing	Add to all pages

📄 Content Optimization

** Strengths**:

- Clear service descriptions
- Local keywords (e.g., "garage door repair Naperville")

** To Fix**:

1. **Duplicate Meta Descriptions**:

- Homepage + service pages share the same description
- *Fix*: Write unique descriptions for each page

2. **Missing H1 Tags**:

- Service pages lack `<h1>` headings
- *Fix*: Add `<h1>24/7 Emergency Repairs</h1>`

🛠 Immediate Actions (30 mins)

1. [] Add canonical tags
2. [] Resize images to WebP format
3. [] Claim Google Business Profile
4. [] Test schema markup: [Rich Results Test](<https://search.google.com/test/rich-results>)

🌟 Quick Wins
